

treated to prevent the erosion of the land, seventy-five per cent or more of said lands now being affected by soil erosion.

Whereas, there have been located in the various sections of the State of North Carolina E.C.W. Camps to treat the agricultural lands of the State to prevent soil erosion, and at the same time such camps giving employment to many of the young men of the State who would otherwise be out of employment and be charges upon the Federal or State relief agencies.

Whereas, it appears to the Legislature of North Carolina that it is to the best interest of all the citizens of the State that all of said E.C.W. Camps now established should be continued, and that it would be detrimental to the soil erosion service and to the interest of the citizens of the State for any of said E.C.W. Camps to be abolished, and it being the desire of the Legislature of the State of North Carolina that the said E.C.W. Camps be continued in their services to the people of the State; Now, therefore,

Be it resolved by the House of Representatives, the Senate concurring:

SECTION 1. That the General Assembly of North Carolina petition the President of the United States to use his power under the Emergency Conservation Works to continue the use of funds and labor in the maintenance and continuance of the E.C.W. Camps in the State of North Carolina, so as not to interrupt or interfere with the splendid services now being rendered by the said E.C.W. Camps in the prevention of soil erosion of the agricultural lands of the State of North Carolina, and giving employment to many of the youth of the State.

SEC. 2. That copies of this Resolution be forwarded to the President of the United States, each of our Senators and Representatives in Congress.

SEC. 3. That this Resolution be in effect from and after its ratification.

Ratified this the 22d day of March, A.D. 1937.
